Wine and Sailing in Catalunya

2980 € - 06th/12th of September 2025

Catalan Wine Cruise by Sailboat departing from Canet-en-Roussillon from Saturday morning to Friday afternoon.

The VINOTILUS cruise in French and Spanish Catalonia, which combines navigation, tastings and vineyard visits!

During this cruise, we discover the different vineyards bordering Catalonia (Penedes, Priorat up to Tarragona depending on the wind conditions, etc...). Several visits and tastings are planned directly with the winegrowers.
In addition, every day, on board, an evening of discovery of a vineyard is offered to you, including an exclusive evening dedicated to Champagne. A wine tasting on the theme of the evening precedes culinary pairings with these wines.
Surprises intended to deepen your knowledge of wine enhance these evenings.
On Friday, a navigation takes place in the morning and a glass of Champagne is served before the meal closing the cruise.

A skipper and a wine guide will accompany you to make your week exceptional and unforgettable.

Subject to a minimum number of four participants. Maximum six participants.

The price includes the provision of the boat (Océanis 440), the skipper, entertainment with a French specialist, tastings, visits to the vineyards, the vehicle to go to the winegrowers, meals and food and wine pairings, surprises, consumables (diesel, gas, batteries, etc.), shipping costs, insurance, cleaning. Single supplement €1500.
